Internationally acclaimed artist Macy Gray has today announced that her new studio album *The Way* will be released on October 6th, 2014. Macy Gray - a multi-award winning, multi-platinum selling singer, songwriter, actress and mother of three - has been overturning fan expectation and industry formula since the beginning of her musical career in 2000 with her critically acclaimed debut album *On How Life Is*.

Now, with the release *The Way*, the truly gifted songwriter and brilliantly unique vocalist offers us a taste of what's to come with the new single *Bang Bang* (also released October 6th) taken from this eagerly anticipated full-length. *The Way* is Macy's eighth studio album and was written and recorded during her hugely successful 14th anniversary tour for *On How Life Is*.

"I wanted to create a record that reflects who I've become as a woman, mother and artist," says Macy Gray. "This album is very personal to me. I want my fans to understand the place where I'm at in life and feel inspired by my music because it's relatable."

With a colourful career that includes multiple Grammy, Billboard, MTV and BRIT Awards, and record sales of over 25 million worldwide, the integrity and innovation of Macy Gray's artistry has allowed her to forge her own path to success and win fans and critics from all around the

world. Her music transcends genres, from experimental soul and alternative rock, to retro-disco and hip-hop.

However, what the accolades, awards and impressive sales figures from over the years have failed to illustrate is the depth and breadth of Macy's artistry and vision. Her unparalleled rise to international fame and journey over the past 14 years has been an interesting one, and her latest album *The Way* reflects the woman and artist that Macy Gray has become today.

As a single mother of three teenagers and an established career woman in both music and film, Gray is now ready to share her journey with the world. *The Way* features uplifting tracks laced with Gray's signature sound, as she covers powerful topics such as female independence, triumph over adversity, self-love and expression.
